VISIONS OF SUCCESS KEYLIN RIVERA

Keylin Rivera is a senior at The University of North Carolina at Greensboro studying Political Science and Spanish. She is an active member of AmeriCorps ACCESS and is a current North Carolina delegate, representing the 13th district for the Democratic National Party. After graduation in May 2013, Keylin plans on continuing her civic engagement by focusing on her work with the Latino community.

When we asked what makes her a successful student, Keylin shared her Success Story about her own accomplishments, and how Student Support Services played a part.

Her Success Story reads: “If it wasn’t for the help of SSS I would not be a senior in college right now. When I first got to college I had no guidance and didn’t have anyone I could turn to for help and guidance. Thankfully I was accepted into the SSS program, which helped me assimilate better into college life and helped me develop as a leader.

Thanks to SSS I learned time management skills, which have helped make me a successful student. Being involved in a lot of organizations, such as Student Government, AmeriCorps and the College Democrats, as well as being a full time student, was overwhelming at times, but thanks to the skills SSS has taught me I have been able to juggle everything well.

Having someone you can always count on to help you throughout college is something that every student needs, SSS has always been there for me. I am extremely grateful for the entire SSS staff at UNCG. Thanks to their help I will be graduating this upcoming May as a Political Science major and Spanish double major.”
