
Date: 28 February 2020

Time: 11:30am - 1:00pm

Location: Forney 205

- I. Update on SLOs
 - a. Each SLOs workshop has been completed or worked on 2-3 SLOs and summary paragraph
 - b. GEC will review first 6 today: QR, H&W, CTI SBS, CTI HFA, Foundations, CTI NS
 - c. GEIU - pending approval from subcommittee
 - d. CTIs - HFA pointed out “construct” (workload challenge) and NS pointed out there are no SLOs that address inquiry, only critical thinking
 - i. Consulting Frances Bottenberg regarding “construct” so that we don’t change the spirit of the SLO
 - ii. Plan to reconvene the CTI (virtual or in-person) subcommittees
- II. Amy & David Carlone - summer workshops to help faculty create new classes
 - a. Second day of workshop is UCC+GEC fast track proposals
 - b. New courses would qualify for GEC Express if they attended the workshop
 - c. Course incubator in May as kick-off (Laura Pipe)
- III. Need to build a schedule and develop courses development apparatus - wait until Joi, Scott, and Aaron are present (and Anthony)
 - a. Message should come from UCC & GEC
- IV. Crosswalk - mapped out crosswalk and uploaded to box
 - a. Present to GEC
- V. MAC Implementation Committee needs a charge (Aaron) → decision making body and serve in advisory capacity for curriculum implementation
- VI. Deadlines - timeline, process, approval
 - a. From UCC+GEC
 - b. Finalized SLOs by XYZ date, seat map
 - c. Workshops that lead to approvals
 - d. Find out seat numbers in courses - Dana has max. seat enrollment
 - e. Need course development workshops
 - f. Backwards course design - Laura
 - g. Registrar - make sure they can code courses / competencies
 - i. Coders from IT too
 - h. Get it on the work flow consideration
