Additional Information & Recommendations

Maximum Transferability

A maximum of 64 hours will transfer from across all 2-year (Community College) institutions. Credits will be reallocated up to the maximum for the greatest benefit of the student if more than 64 transferable hours are found among the student's 2-year coursework. Nursing bridge credit may exceed 64 credit-hour limits. Only grades of C- or higher are eligible for transfer to UNCG.

Time to Degree

Students following this guide can expect to complete approximately 31 credit hours after transferring to UNCG. This estimation depends on the successful completion of NUR 370 & NUR 371 and the award of the bridge courses.
